Bob Plante Award

The Bob Plante Award given annually to an adult Scout Leader in any of the BSA programs who has made a significant difference in the growth of units by direct unit services. This award will focus on those Cub and Scoutmasters, Venturing Crew advisors, Committee Chairs, or Assistant Leaders whose service has enabled units to sustain and grow their program. Bob Plante served as the scoutmaster of several troops in St. Paul, usually in communities where starting and maintaining a Scout Troop created specific challenges to the youth and leaders. Bob started several troops in public housing communities such as the McDonough Homes and served during his last years teaching Wood Carving and related skills at Tomahawk Scout Reservation.

YEAR	NAME	UNIT
